# Foreword

Through the years Nature has beautifully decorated the stage of life for man. Our forefathers saw and recognized the beauty of her works and they claimed trees to be one of her greatest gifts. Even today, we, despite our admiration for man-made things, proudly admit that this gift from Nature far surpasses any accomplishment of man. We are proud that man uses his creative talents to bring us a higher degree of civilization; but we are also proud that as a symbol of perfection the tree still stands—undaunted, quiet and peaceful, surrounded by an atmosphere of strength, beauty, and self-respect.

To show our admiration and appreciation for the tree and for what it stands, we are using it as the theme for this 1940 edition of the CORNER-STONE.

## Dedication

At this critical moment when half the world is at war, when only the Americas are privileged to grasp the olive branch rather than the sword; we feel that it is entirely fitting to dedicate this volume of the CORNERSTONE to the Spirit of Peace.

COLLEGE

"In such green Palaces the first kings reign'd,  
Slept in their shade, and angels entertain'd,  
With such old counsellors they did advise,  
And by frequenting sacred groves grew wise".

*Edmund Waller*

## A    T    R    E    E

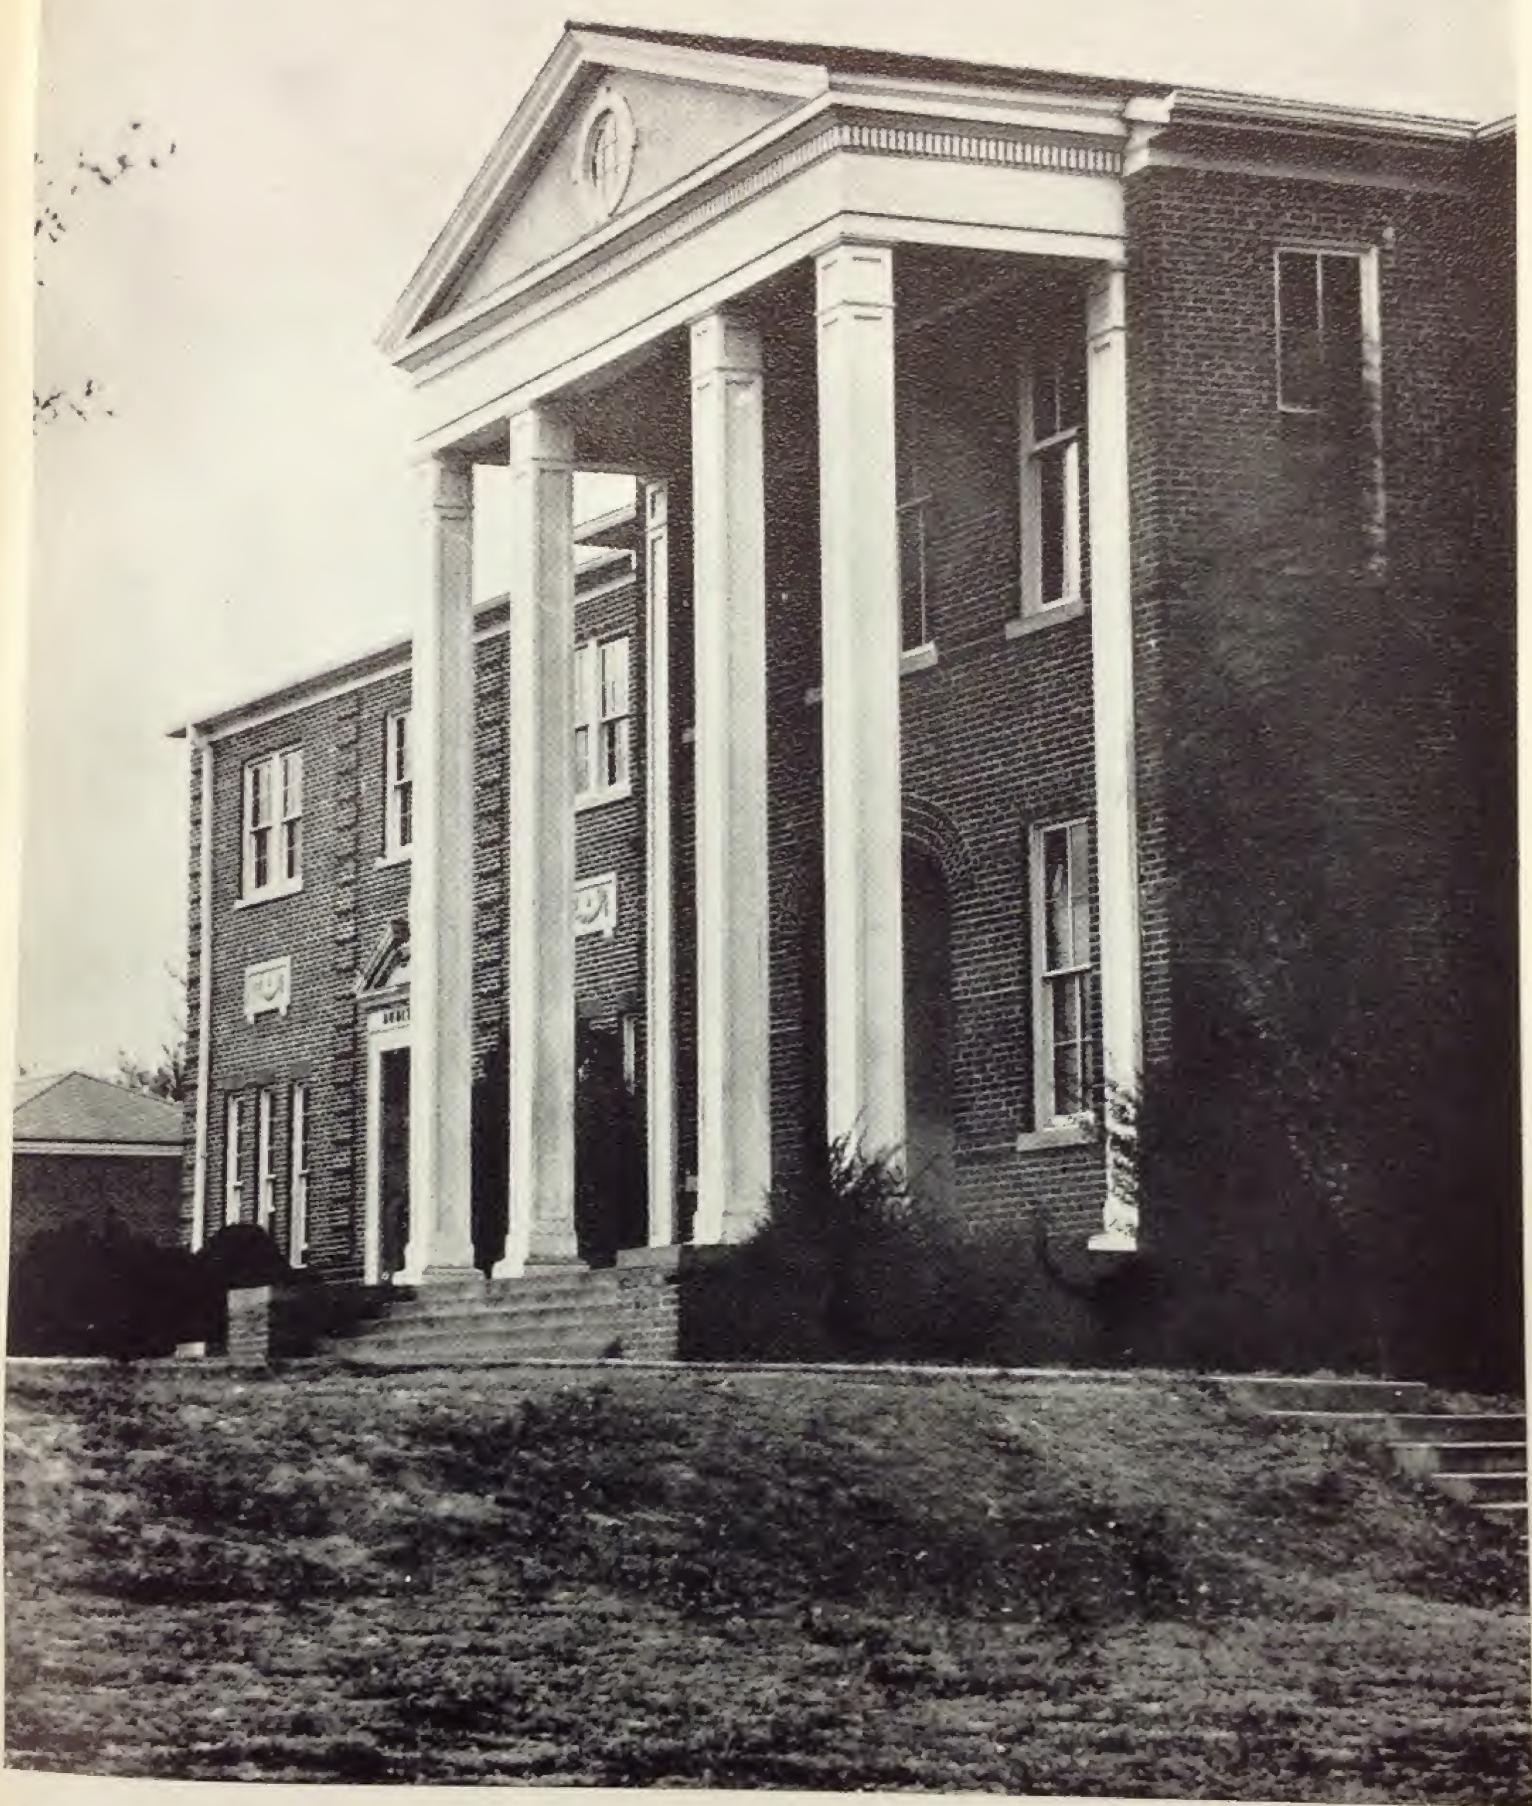

A prison gray, and gaunt, and stark,  
Forlorn and ghostly, stern and dark—  
A tomb.

But softly wooed by sun and shower—  
A bud, a leaf, a spray, a bower  
Of bloom!

A shade where happy lovers rest;  
A shelter for the song bird's nest—  
A home.

O poem, beyond all poet's art—  
O song, not sung by human heart—  
O Tree, of death and life thou art  
The sum!

President's Message

Within the span of thirty years barren hills and huge gullies have given way to buildings surrounded by shrubs and a campus of grass and trees. The hand and the brain of man have been busy; but the Infinite perceived, planned and gave the beauties of nature. The tender green of spring and the varied colors of autumn bespeak the power of nature. Life, beauty and growth are in evidence. Wholesome contentment and quiet relaxation are felt by those who pause under the huge branches of campus trees. I like to think that clear thoughts, democratic life and peaceful relations will continue to dominate the experiences at Holmes Junior College.

Anise excitedly awakened Annette one morning at six o'clock. "Annette, wake up, please; I want to tell you something." Annette slowly opened her eyes and sleepily inquired, "What time is it?"

"Oh, about six o'clock, but please wake up and listen to me," begged Anise.

"Six o'clock! What in the world are you doing awake?" Annette wanted to know, as she sat up in bed.

"I had a dream!"

Annette sighed and lay back down, "My, I thought the house was on fire."

"Dreams are curious things," Anise mused.

"True," agreed Annette, "but why did you wake me up at six o'clock in the morning to discuss the peculiarity of dreams?"

"Because I just had one of the strangest dreams."

Drowsily Annette took her cue, "What was it about?"

"Our senior class," Anise replied, "And in the dream I saw all the members of the class in the future."

Annette became more interested. "Why, that is what you have all been discussing for several days—just as senior classes usually do around commencement time."

"Yes, I know. That is the reason it was so strange; it seemed a peculiar coincidence, unless there is something to this theory about dreams being the fabrication of the subconscious mind," reflected Anise.

"But still I don't see why you had to wake me so early," complained her sister.

"Because, I want to tell it before breakfast," laughed Anise; "not that I'm superstitious," she hastened to assert, "but it would be nice if some of it came true."

"Well, as long as I'm awake, you may as well tell it," Annette consented.

"First, I saw Charlotte Dickerson opening a door marked 'President of the Athletic Advisory Board.' And when she went through the door, Harry Balkum was sitting behind a large desk in the luxurious office.

Harry said, "How did you find things at H. J. C.?"

"Everything is fine, as usual. I looked through the alumni records and found what all of our old classmates are doing now."

"Who would have thought when we graduated from high school together there that someday I would be president of the athletic advisory board and that you would be my secretary!"

"We didn't think of such a thing when you were the 'quick-triggered' Kentucky colonel and I was the harmless kleptomaniac in our senior play."

"Or that Fletcher Gore, who made such a good butler, would be our filibustering congressman."

"I wonder," mused Harry, "if he still twirls his watch chain?"

"He probably does."

"He came close to achieving his ambition. Remember, when he told Miss Williams he wanted to be a 'cooperation lawyer'?"

"Merle McDaniel, who played the near-sighted Mrs. Pettengill, has achieved her ambition. She is now head of the Red Cross nurses."

"Merle was always conscientious and made good grades."

"She and Anise and Nellie were our class officers, weren't they?"

"Yes."

"Nellie is now hostess on a transcontinental plane."

"I bet she likes the excitement of that job."

"Anise is teaching public school music. I saw a lovely operetta that her students gave."

"She certainly took part in a lot of activities in high school. What are some of the boys doing?"

"We have a tennis champion among our former classmates. Bap Doty is a favorite with the fans for his good humor and hearty laughter, even at his own mistakes."

"And for his conversational ability, I bet. He could always 'talk'."

"And Lee Anderson Jones is Agriculturist at H. J. C. He and his pretty wife had me at their home for dinner."

"Are any of the girls married?"

"Yes, I heard that Lady Arnold, Selby Stafford and Dorothy Moredock are all married to former H. J. C. boys."

"What other boys are married?"

"Sterling Crawford and Millard Pate. Sterling is running a filling station and Millard is a circus barker."

"Pate always had a good pair of lungs. Let me see, who else was in our class? Oh, yes, how about Billy Young?"

"Billy and Hugh Lee are newspaper men and write a column together entitled 'We Know'."

"That is the result of their collaboration on themes in school, I guess."

"Joe Tom is playing professional football with the Chicago Cubs and judging cows at dairy shows as a sideline."

"Robert Edward Jones graduated with us, too, didn't he?"

"Yes. He is official taster for the Tom's Toasted Peanut Company."

"Guess he is getting enough of eating peanuts at last."

"And we produced another columnist team. Marjorie McBride and Dorothy Burrell write advice to young girls on how to hold their men."

"Our senior play may have had something to do with that, too," Harry laughed.

"Then I woke up," declared Anise.

"Whee, that was certainly a long dream! Are you sure some of it wasn't pipe dreaming?"

"Well, it's good prophecy anyway, don't you think?"

"Yes, even good enough to waste an hour's sleep to hear."

## Debaters

The Holmes Junior College debating team composed of Marvin McLellan, Cathryn Parkinson, Paul Saxton, and Percy Sanders, with Janie Mae White and Martha Rhyne as alternates, entered the junior college debating tournament at Delta State on December 8, 1939. Although they did not win a place this year, they acquitted themselves well and deserve credit for their work on the question: Resolved, That the South is the Nation's number one economic opportunity.

## Athletics in Review

All of us, coaches, faculty, and students of Holmes Junior College, are very proud of the athletic teams that have represented the school during the past year. We are proud of them not only because of the honors they have brought their Alma Mater, but also because of the fine spirit of sportsmanship and fair play which they have displayed in all their activities.

The Bulldog baseball nine was generally conceded to be the best in the state. Under the supervision of Coach Thomas, the team brought the championship trophy to Holmes Junior College for the second consecutive year. During the season our defending champions lost only two games, each of those by one point margins.

The '39 track team, composed of fine spirited boys and girls, made a creditable showing at the state track meet. One star, Stevenson, was able to break the record in shot put; and another, Bobbie

Rogers, was able to maintain the state record she had set the year before in girls' broad jump.

The tennis squad of '39 had a very successful season. Although the players were handicapped by practicing on clay courts and playing the tournament on concrete ones, they brought honor to their Alma Mater. The girls' team won state championship in doubles and second place in singles.

The Bulldog football eleven was among the best in the state. Although composed largely of first year men, it finished the season with only one defeat. With these first year men, Goodman has a nucleus around which to build a formidable football squad for the 1940 season.

The basketball teams were unfortunate in that they were unable to adjust themselves. Nevertheless, both boys and girls showed improvement towards the close of the season. The girls went to the state tournament but were unable to succeed against the "sharp shooters" from Summit.

# Football Letter Men

The Manager, TROY BIGGERS, was always right there when the Bulldogs needed him. Troy is to be congratulated on his efficient service to the team.

Dynamite comes in small packages. In proof, we cite little HARRY BALKUM, our "touchdown man," who crossed the line in almost every game. Because of his ability to carry the ball, block, and play "heads up" football, Harry won a place on second all-state. We are expecting great things of him during his next two years at Holmes Junior College.

BRADY COLE is the "Delta Lad" who came to the Hills and made good. He played end for H.J.C. and saw quite a bit of service.

Artesia is noted for her ball players and we have one of them with us. JOHN GUERRY played end this year as only John could play it.

LAWRENCE GULINO, the lad from Kenner, Louisiana, has proved to us that Louisiana lads can play ball. He will see service at H.J.C. next year and we expect him to make all-state.

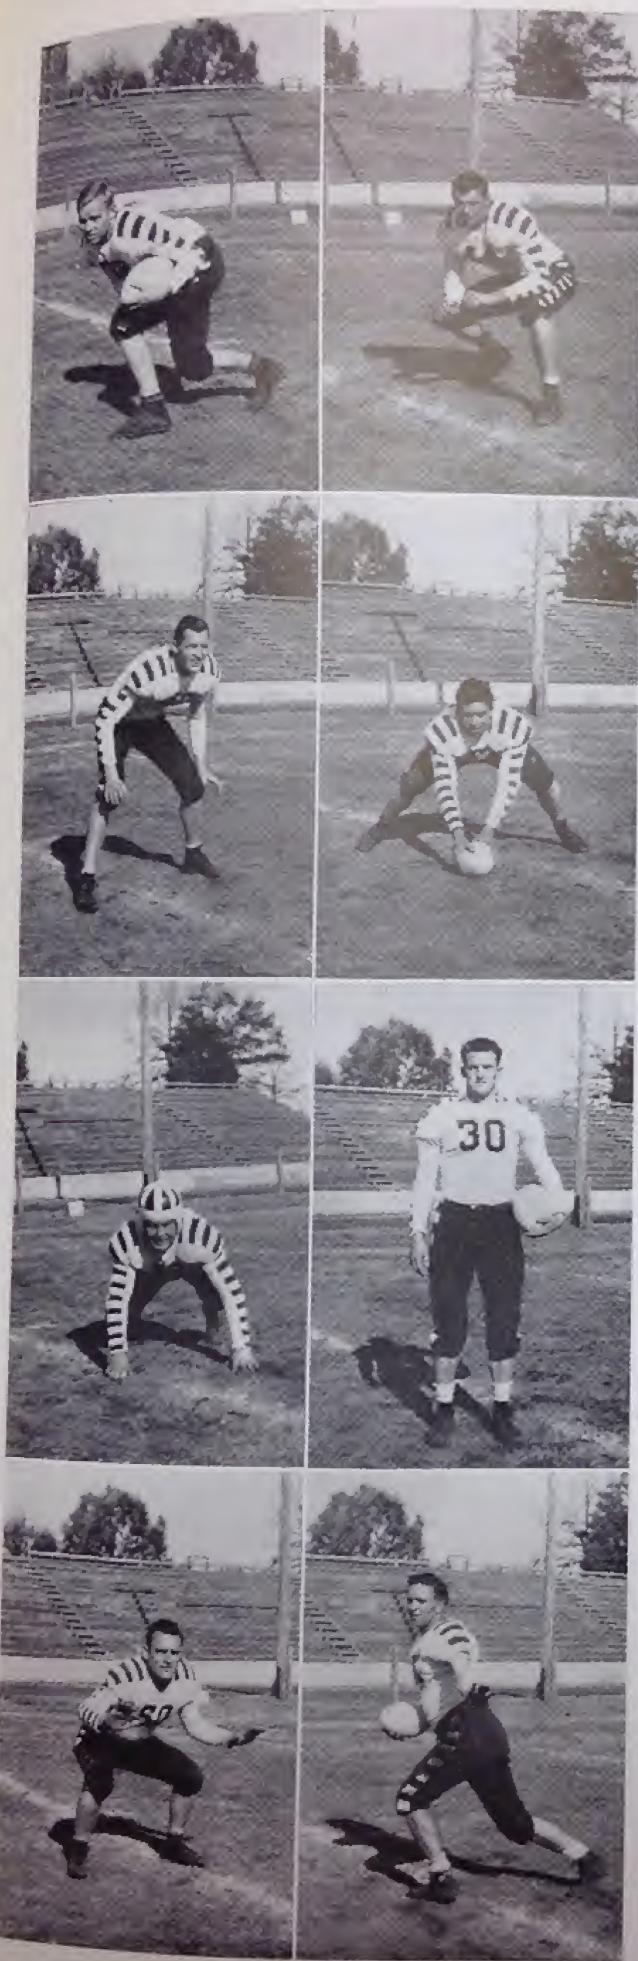

JAMES HALLOCK, guard, was a very dependable man. He plays a good game of ball and is expected to be one of our most valuable performers in 1940.

WILFRED HUSMANN was our "Yankee" ball player this year. He saw service in every game and showed that he had the real Yankee fighting spirit.

TOMMY JONES was known as the best passer and punter in the conference. Although a freshman and handicapped most of the season by an injured foot which limited his ability to run, Tommy made all-state. We are expecting him to be the best triple-threat man in the state in 1940.

## Football Letter Men

"SALLIS" KUYKENDALL was the dashing blond quarterback who carried the ball where it was best to carry it. He is a little fellow who really knows his football and demonstrated his knowledge on all occasions.

JOE TOM MABRY, one of the best ends ever to play for H.J.C., made all-state and well deserved it. Joe will be back to gain additional fame for himself and his Alma Mater next year.

JAMES PANNELL, the left-handed boy from Ripley, was an excellent tackle. We are expecting great things from him in 1940.

MILLARD PATE, one of the best centers in the state—especially on defense—was one who could be depended upon every second of the game. Bill was always "in there."

EDD ROBERTS from Alabama stayed in his opponents' way throughout every game. Edd was a real leader, knew what he was supposed to do and did it.

JOE SHONESY, noted for his fighting spirit, gained many yards for us with his running, blocking and defensive play. He showed much improvement during the season and should be one of our best men in 1940.

ROGER SMITH, captain of the team, played tackle for H.J.C. for three years. Although a reserve his first year, Roger held an all-state title his last two years.

In spite of his size, CHARLES "SHORTY" THOMAS played like a regular Bulldog. We are depending on him for many touchdowns again next year.

*First Row:* Hudspeth, Thomas, Golding, Sturdivant, Gresham;  
*Second Row:* R. Branch, Langston, Vance, Pannell, Cole, Jones, Carter.

## Boys' Basketball Letter Men

CARTER, *manager*, noted for his kindness and thoughtfulness, was always on hand with the towel and water bottle in case someone needed aid.

COLE, *forward*, with his shots from the corner, pulled the Goodman team out of many tight spots. His rangy build made him an excellent defense man.

GOLDING, *forward*, got off to a slow start at the beginning of the season. He improved steadily, however, and at the end of the season was one of the regulars.

HUDSPETH, *guard*, the only experienced man back from last year, exerted a steady influence on the team. He was high score man for the year.

T. JONES, *guard*, was a very dependable player who was always "in there." He was especially good on defense.

LANGSTON, *forward*, having an excellent eye for the basket, proved to be a valuable member

of the Bulldog squad. He also showed up well on defense.

MABRY, *forward*, played good steady ball in all the games in which he took part. Due to illness, however, he was unable to complete the season with the team.

PANNELL, *center*, with his scrap and ability to take the ball off the back board, was an asset to the team. He played a very aggressive game on defense.

STURDIVANT, *guard*, having a good eye for the basket and plenty of speed, proved to be a dependable player at all times.

THOMAS, *guard*, though small, made up for his lack of height in his ability to hit the basket.

Since Cole, Golding, Jones, Mabry, Pannell, and Thomas will all be back with us next year, after a year's apprenticeship, we are expecting to have a greatly improved basketball team in 1941.

# Girls' Basketball

## Letter Men

VERDIE "PAT" EDWARDS was the fast breaking *forward* from Ellard. We are expecting great things of "Pat" in 1941.

HELEN JONES, *guard*, gave H.J.C. all she had in the way of basketball. Although she was a reserve in both '39 and '40, she was to be depended on when she was needed most.

ODEIN INGRAM, *forward*, was the "pretty girl" on the team. Although this was her first year at Holmes Junior College, Odein played consistently good ball.

CORA LILES is a *forward* of more than usual ability. She made all-state her first year at H.J.C.

ZOE MURRY, playing her first year as *guard*

for Goodman, showed much improvement during the season.

LOUISE "CRIP" NORWOOD was a *guard* who showed plenty of scrap. She stayed in the game and always did her part. If our bet is correct, she will make all-state in 1941.

LINNIE "BUCK" PEPPER had her on and off—mostly on—nights. She played good ball throughout the year.

BOBBIE ROGERS always played "heads up" ball. She made all-state *guard* in '39 and second all-state in '40.

JANE TRELOAR was a *guard* who could be depended upon to do her part in every game. She was a consistent player.

First Row: Edwards, Jones, Norwood, Carter, Thraillkill, Herring, Perry;  
Second Row: Harmon, Murry, Rogers, Ingram, Liles, Treloar, Pepper, F. Branch.

## Track and Tennis

### GIRLS' TRACK

### BOYS' TRACK

*Second Row:* Lohman, Mabry, Marks, Gulino, Russell, Therne, Meadows, McDonald,

### MILE RELAY

### GIRLS' TENNIS

Hightower, Rogers.

# Track and Tennis Letter Men

JAMES COLEMAN played singles and doubles in tennis his sophomore year at H.J.C. He was a very capable player and gave tennis his best efforts.

"BAP" DOTY teamed with Coleman for the doubles in '39. "Bap," a senior in high school, still has three years to play for H.J.C. We are expecting great things from him.

NELL HIGHTOWER played on the girls' tennis team. She was a consistent player who could be depended on at all times. Nell helped win the trophy for H.J.C. in doubles.

BOBBIE ROGERS, tennis player and trackster "par excellence," has won many honors for her Alma Mater. Among the honors are: first place in tennis doubles, '38, '39; second place in tennis singles, '39; first place broad jump, '38, '39; first place high jump, '38, second place, '39; fifth place baseball throw, '38, '39. In addition, Bobbie ran on the relay team.

"LUCKY BUCK" PEPPER was one of H.J.C.'s outstanding tracksters. She ran in the relay and won fifth place in the 75-yard dash.

"BIG" BULLOCK won first place in the quarter mile race in '38 and second place in the same event in '39. He ran a lap in the relay both years.

"LITTLE" BULLOCK is as swift a runner as his brother. He won third place in the state in the 100-yard dash. We expect him to run a good race for first place this year.

JOHN CAMERON was a man who could be depended upon to run a good lap in the relay. He helped the team place third in the track meet.

LAWRENCE GULINO ran the hurdles and did a mighty good job of it. He is a runner who not only covers distance, but also the hurdles.

"FRIDAY" HUDSPETH was a capable trackster. He won second place in broad jump, did the pole vault, and ran a lap in the relay.

JOE TOM MABRY is a track man who can fill any position that is given him. He earned points for H.J.C. with his high jumping and running. We are expecting additional points from Joe Tom this year.

GEORGE "BUDDY" MARKS threw the javelin for us and placed in the state meet. "Buddy" is a lad who has a "mean arm" which he intends to use in the next meet.

JIMMY LOHMAN was the very efficient manager of the '39 track team. He was always there with what was needed most whether tape, water, or inspiration.

STEVENS is a man who could make anyone's track team. He heaved the sixteen pound shot put for a new state record and won second place in the discus throw.

# Baseball

Holmes Junior College for the second consecutive year won the State Junior College Championship in baseball.

Leading the Bulldogs to victory during the two seasons was ALBERT "LEFTY" DICKEN. Dick's superb pitching won him the place of pitcher on the All-State team for two successive years. He will be greatly missed in the '40 campaign.

Another whose absence will be felt greatly in '40 is "TINY" BOWEN, one of the greatest batters ever to be seen with a junior college team. For two years "Tiny" held the highest batting average in the conference.

ADRIAN "ABIE" VERNON, stellar first baseman, was the life of the team. "Abie," who could hit and field when the playing got tough, was a very valuable player.

JOHNNY "THE BEAR" SPIDLE played very efficient ball to give us the best shortstop in the state. We are expecting him to help bring another title to H.J.C. this year.

VARDAMAN "CHING LING" LOVETTE, dependable second baseman, did his part in helping to bring two trophies to his Alma Mater.

On the "hot" corner, better known as third base, was one of our best men. JAMES "BUCK" NORWOOD was a player on whom any coach could depend.

Rounding out the infield and behind the plate was EDD "RIPPER" ROBERTS. Edd received the ball and

handled his pitcher with an ability anyone would be proud to have.

Standing in center field and patrolling the outfield with "BRUISER" BOWEN was the "fieldingest" outfielder of the bunch, IRVIN "SAILBOAT" SHIPP. Irvin contributed greatly to the success of his team.

Rounding out the first team was TROY "SHORTY" BIGGERS who patrolled right field in a very efficient way. Troy will see service with H.J.C. again this year.

Not to be omitted from that famed group known as letter men are the following boys who spent most of their time on the bench but who "delivered the goods" when given a chance: GEORGE "BUDDY" MARKS, catcher, pitcher, and outfielder; "RED" REAGAN, pitcher; "RED" YANCEY, second baseman; WOODY McDANIEL, pitcher; and JACK "NIGGERHEAD" RUSSELL. Marks and Yancey, along with Spidle and Biggers, are the letter men who will have the opportunity of defending the championship title again some few weeks hence.

In addition to the letter men who have been accounted for, we could never forget that most capable of managers, EVERETT "HUT" HUDSON; nor could we fail to express our appreciation of one who was largely responsible for the success of the championship team of '39, COACH LLOYD THOMAS.

# EYES - - -

## AND THE STUDENT

Difficult seeing tasks such as reading fine print, when performed under inadequate light, often put a severe strain on eyes.

For easy, safe seeing, eyes should have plenty of light, well diffused and free from glare.

Most children enter school with perfect eyesight; but by the time they graduate from college 40% have defective vision . . . SCIENTISTS are agreed the LIGHT CONDITIONED SCHOOL ROOMS would do much to reduce this heavy toll.
